The projectgroup of Erasmus -project

SMART CAREERS PROMOTION

Programme 20182018-I-IT01-KA116-006482 PCV 20652

has been working for Savonlinnan Travel in Savonlinna Region, Finland from 10th of May 2019 to 17th of June 2019.

During the project they have

- created and managed the blog of traveling in Savonlinna Region.
www.visitsavonlinna.travel.blog and www.savonlinnaita.travel.blog
- taken photos of sights, events, people and nature for marketing use in internet and sosial media.
- used professional equipment to take photos and videos.

The results of their work will be used in Savonlinnan Region marketing. The company is pleased to have photos taken with new perspective. We are going to use these photos in near future as well.

Their working method has been teamwork. With good teamwork skills they used everyones different strengths and learned new skills independently and quickly.

Working language has been English. They have proven to be excelent in travel marketing language. They understand, express and interpret thoughts, feelings and facts in both oral and written forms.

We believe that the experience in these tasks have given to the members of group valuable information and new perspective for their future projects in IT Tecnical.

In Savonlinna 17th of June 2019
